## POSITION DETAILS

Design Alaska is looking for great people to join our team. Design Alaska is a full service Architecture, Engineering, and Surveying firm that provides commercial and institutional design services throughout Alaska. Design Alaska’s goal is to provide our employees with a rewarding professional experience.

Design Alaska’s work typically includes:

- Surveying land to determine existing conditions and legal boundaries.
- Environmental services for hazardous materials, environmental permits and water treatment.
- Planning and design of buildings, roads, and park landscape areas.
- Preparation of drawings and product specifications for construction projects.
- Project management and oversight.
- Construction cost estimating.
- Construction job site inspections.
- Construction services for projects including materials, survey, and specialty design.
- Occasional in-state travel for site visits during investigation and construction.

Design Alaska seeks these desirable attributes in all applicants:

- Works effectively within team environments.
- Driven, focused, and manages time well.
- Good communication and leadership skills.
- Currently living in Alaska.
- Construction industry related work experience.

To apply email this application, a descriptive cover letter, relevant experience resume, and contact information for three references to Human Resource Manager Kym Pihlaja ( [kym@designalaska.com](mailto:kym@designalaska.com) ).
