Open Position

Design Alaska is looking for an Architect Associate/Design Professional to join our team. Design Alaska is a full service Architecture/Engineering firm in Fairbanks that provides commercial and institutional design services throughout Alaska. Design Alaska's goal is to provide our employees with a rewarding professional experience.

Position Details

Architect Associate/Design Professionals are typically involved with:

- Design work from concept design through construction documents.
- Site Investigations and writing investigative reports of existing facilities.
- Construction job site inspections and observation.
- Occasional in-state travel, including remote Alaskan locations, for site visits.
- Quality control reviews of design/construction documents.
- Provide support to project team and others as required.
- Coordination of project details with other disciplines on team.
- Construction cost estimating.

Design Alaska seeks these desirable attributes in applicants:

- Works effectively in team environments.
- Driven, focused, and manages time well.
- Good communication and leadership skills.
- Currently living in Alaska.
- Construction industry related work experience.
- 5-year bachelor of architecture or master of architecture degree from an NAAB accredited institution.
- Able to pursue licensure in state of Alaska.
- Proficiency in Revit.
- Interested in an Alaskan adventure.

There are no minimum required qualifications for this position. To apply for this position, email this application, a descriptive cover letter, relevant experience resume, and contact information for three references to Human Resource Manager Kym Pihlaja (kym@designalaska.com). The position is open until filled.
